

# LR Pool Updates

Brought to you by the LR Pool Committee

Email: PoolHelp@LakeReynovia.org

## We did it!

## [LR Pool Website Link](#)

A huge **thank you** to our board members and volunteer pool committee members that have banded together, gotten creative, worked hard (on top of their job and family duties), to develop a way to open our pool during a pandemic! It has clearly meant a lot to our community during this difficult year. After a couple weeks under our belt to iron out some kinks and analyze usage patterns, we'd like to update you all on **some new rules (right)** while highlighting some **important reminders (below)**.

1

### SYMPTOM-FREE FORM

MUST be digitally completed prior to pool entry EVERY. SINGLE. VISIT.

2

### NO OUTSIDE GUESTS ALLOWED

other than those legitimately helping with childcare

3

### DON'T FORGET TO DELETE YOUR NAME

ASAP on the sign-up sheet if you decide not to use your slot

**Rule Change #1:**  
Weekdays are increasing to 2 hrs max daily per family

**Rule Change #2:**  
Lap swimming now available midday (details below)

**Rule Change #3:**  
Kiddie pool can be reserved on top of your main pool reservation (this does not count against your max daily allowance)

## Important Reminders & Updates

1. You **MUST** digitally complete the “Symptom-Free/ Attestation Form” prior to entering the pool area **EVERY. SINGLE. VISIT. (on the DAY of your visit—NOT BEFOREHAND)**. This is part of the governor’s COVID-19 pool orders and helps keep our community safe. **Please make sure every member of your household understands this rule.** (It is clear that this is not always the case.) There are links on the LR website (pool instructions section) and at the top of the google sign-up sheet to access this Symptom-Free form, as well as a QR code and website posted on the pool gate itself. Feel free to save this Symptom-Free form site on your phone and computer for ease of reference as we are no longer providing paper copies at the pool. As stated previously, if you are having technical difficulties, please email [poolhelp@lakereynovia.org](mailto:poolhelp@lakereynovia.org). If you are found to be out of compliance, you will first be given a warning, and subsequent offenses will lead to your household needing to complete the training and quiz again, following deactivation of your pool fob. Not following this rule puts our pool at risk of closing down.

2. Absolutely **no guests allowed** at the pool, other than those legitimately helping with childcare (grandparent, nanny, etc.). We’ve received reports of non-community members being invited by community members to use the pool. These families are in violation of our pool rules and they are breaching the contract they signed. Families violating these pool rules will be subject to their pool fob being deactivated and losing pool access.

3. Don’t forget to **delete your family’s name off of the sign-up sheet if you decide not to go** for whatever reason for two reasons: 1) It will look like you are in violation of not completing a Symptom-Free Form in our records, and 2) It limits other families’ ability to sign up for that section.

4. You need to **always sign up for a spot at the pool prior to entering the pool area**. If you stay past your time slot because there are openings, add your name to those slots as well. Disciplinary measures will be taken for violations.

5. **Sanitizing supplies:** Remember to **use hand sanitizer** upon arrival and departure, and **sanitize all touch-points** in your zone prior to leaving. Let the pool committee know if supplies are low. Please also **leave supplies UNDER the chairs** so they stay in the shade. Summer heat and sun can damage plastic.

6. Remember to **take out all trash that you bring in**. The waste bins are for the paper towel only.

## LAP SWIMMING OUTSIDE OF THE DESIGNATED EARLY MORNING SLOTS

Lap swimming opportunities are now available outside the 5:00-9:00a "lap swimming only" time frame. If you would like to swim laps over the lunch hour or in the evenings, follow the steps below:

1. Reserve lanes 1 and 2 at the same time for one hour between 12:00-2:00p or 6:00p-10:00p. (Please avoid signing up during the busier family times between 9:00-12:00 and 2:00-6:00)
2. Bring a piece of ribbon, rope, trash bag tie, etc. to connect the two lane lines where they cross. You may need to wrap the ribbon/rope in an "x" shape around the lane lines so they don't slide around.
3. Untie the lane line from the bucket that sits between lanes 1 and 2.
4. Swing the lane line 90 degrees like a clock hand and tie the end to the other lane line, so that it creates one big open lane through sections 1 and 2 while retaining sections 3, 4, and 5 for family use (see photo to the right for a visual).
5. After you are finished, tie the lane line back onto the bucket so that sections 1 and 2 are restored, remove the ribbon, and disinfect all your touch points.

**\*Email us if you need assistance\***

**“Ask not what your neighborhood can do for you, but what you can do for your neighborhood.”**

Let's continue to work together and follow the rules so that we can continue to enjoy the pool this season. A BIG thank you to the pool committee who spent, and continues to spend, many volunteer hours to make all this possible. My apologies if I forgot anybody!  
*-Jessica Kiley*
