

LAKE REYNOVIA

***NEW* Committees | TownSq Website** [Sign-Up Form ->](#)

We need YOU!

Do you have a skill, interest, and/or idea that could benefit the neighborhood? Would you like to build community connections and friendships?

Three new Lake Reynovia committees (Lake, GreenScape, and Social Committees) and two temporary ad hoc committees (Road Safety and Play Area) are being created. This is a way you can help make significant, positive changes in our neighborhood, so please volunteer if you are able.

" Many hands make light work."

Commitment: The committees would agree to meet monthly, while also agreeing to work on initiatives and communicate with the board, community members, Associa, and relevant professionals between monthly meetings. At least one committee representative is asked to attend the beginning of each monthly board meeting (second Tues. of each month, 6:30 PM). Committee chairs will be offered professional development and other support from the board, while all committee members will be treated to special social event(s) during the year! Committees may create subcommittees/task forces within the committee as they see fit.

Lake Committee

Management, problem-solving, short and long-term goal setting for Reynovia Lake, including the lake ecosystem, beach area, geese-management, boat storage, aeration system, and physical structures (e.g. boat house, bridge, deck, retaining wall, steps, dam area, etc.).

GreenScape Committee

Management, problem-solving, short and long-term goal setting for the trails, wooded areas, common green spaces, and landscaping, while keeping healthy ecosystems, native habitats, and aesthetically-pleasing, pollinator-friendly landscaping goals in mind.

Social Committee

To advance a sense of connection and community within our neighborhood. Considers the needs of families with young children to the elderly, and everyone in between. Disseminates community news (e.g. through the creation of a newsletter, creating website and social media posts, etc.). Hosts seasonal events and creates networks of support within the community (e.g. seniors that need snow-shoveling assistance, meal trains for families in need, welcoming new residents, etc.). Sky's the limit!

Please submit your information by either filling out the form below and dropping it off at 106 Sundrops Ct., OR by filling out the **Google form** linked on our website, Facebook page, TownSq page, and through the QR Code at the top of this newsletter.

Forms are due by Friday, APRIL 30TH

Name:

Address & Phone #:

Email:

Committee preferences (circle one or more):

Lake	GreenScape
Social	Road Safety (ad hoc)
Play Area (ad hoc)	ARB (join the waitlist)

Are you willing to serve in a leadership role? Y / N

What are your top priorities?:

Relevant skills/experience (but NO experience necessary!):

Road Safety (ad hoc)

Goal: To increase pedestrian safety throughout the neighborhood through the possible addition of speed bumps, reduced speed signs on secondary roads, and a walking path on Reynovia Dr. The safety improvements could save lives, prevent injuries, and allow children and pedestrians to feel like they are better able to utilize the neighborhood, while increasing property values.

Play Area (ad hoc)

Goal: To create a play area for children of all ages in the common green space. The area is full of potential with neighborhood children already using the space daily. Adding play structures will make the space even more inviting. The plan will include features such as a foot bridge over the drainage ditch, improved landscaping, swing set, wooden play fort, picnic tables, soccer goal(s), etc. The improvements will be very enticing to prospective families and will likely increase property values.

ARB (established)

The Architectural Review Board is responsible for interpreting and enforcing the community’s architectural guidelines. *(The ARB is currently full, but please circle if you’d like to be on the waitlist.)*

A note about TownSq: Our neighborhood has the ability to use this website through our property management company (Associa). If you are not already a member on this site, please email Corey at Associa (ccummings@communitygroup.com) or the board for assistance. If you are already on TownSq, **please check your email settings** so that you are receiving email updates when important announcements are posted (like April’s gas leak!). There are many helpful features on TownSq and the board hopes to begin utilizing them more. You can even pay your membership dues there!
